FOURTEEN CARS OF OLD FOLKS

Bamberger Train Leaving at 9:30 A. M. Is Filled With Honored Guests—Estimated That 1600 Are at Lagoon For the Day—Free Transportation and an Abundance of Good Things to Eat.

As early as 7 o'clock this morning old folks, wearing their badges of honor, were at the Bamberger depot to take cars for Lagoon where fully 1600 of the old people of Weber county are being entertained today.

No cost is attached to the trip, so far as the guests are concerned, and an army of young men and women volunteers their services to care for and entertain the aged.

Those 70 years of age wore red badges, blue badges being furnished those 80 years old and those within ten years of the century score wore white ribbons. The red badges predominated this morning, when the main train of the day departed, but there were many blue and white badges.

The early morning regular trains over the Bamberger were well filled with old folks and it required 14 coaches to accommodate the crowd at 9:30 when the official excursion train left the depot. Others followed on later trains.

At the depot were many helping hands to aid the old people and assist them in getting seated for the journey to Lagoon. Some were brought to the cars in invalid chairs and there were many who had to be lifted to the seats in the coaches.

The big express car attached to the 8 o'clock train was not large enough to hold the good things of the commissary department, wagon load after wagon load of provisions having been sent in from the different wards of the three stakes. Everything that the heart could desire by way of things to eat were provided and small gas stoves were taken along for the making of warm drinks. There were great stacks of cake and pie and ham sliced ready for use. Cheese was on board in abundance and a bread enough to feed an army. The Shupe-Williams Candy company sent 200 packages of candy and merchants of the city contributed oranges, lemons, bananas, sugar and other provisions. It was said that the large crowd could not possibly eat the chicken, turkey and meats that had been contributed.

Bishop Jacobs of the Fifth ward stated that his organization had provided for two good meals for 2000 and that there would be some left over. The surplus will be distributed to the poor and the widows and orphans of the wards.

The Rapid Transit company carried the old people to the Bamberger, free of charge, and every possible care was taken by the car men to avoid accidents.

The Bamberger company had a large crew to handle the excursion train and the fourteen coaches left the station at 9:30 carrying a great crowd of happy old folks.

DRAFTS LOST IN A POOL ROOM RETURN

Constant Faure, a sheepman of Soda Springs, mysteriously lost two drafts one for \$2100 and another for \$500, in a Twenty-fifth street pool room this afternoon and found them an hour later at the same place in an equally mysterious manner.

Faure, in company with a friend, entered the pool room shortly after noon and both men removed their coats while the game was in progress. When the two got ready to leave, Faure found that his two drafts were missing.

He did not notify the police of the affair, but made a round of the banks to learn if anyone had been made to realize upon the paper. When he told his story to James Pingree at the Pingree National bank, the banker sent for an officer.

Patrolman John Russell was detailed on the case and he returned with Faure to the pool room where another search was made but without results. Again the banks were visited and it was while the patrolman and Faure were on this second round that word was sent to the police station that the drafts had been found in the pool room where the man had laid his coat.

Because of the unusual circumstances surrounding the loss and recovery of the paper, the police believe that the man's coat was robbed of the drafts, upon finding that the paper was worthless to him, dropped it on the floor near the place from which it was taken.

The dining room was given added attraction by its artistic decorations in pink and white and a profusion of pink and white flowers.

HARRY M. MCKEE SOCIALIST GUILTY

Harry M. McKee, the Socialist attorney on his arrival in Ogden this morning received word that he must serve 150 days in jail in San Diego or pay a \$300 fine.

McKee, and E. E. Kirk must spend six months in jail and pay in addition a fine of \$300 each, for their activity in the San Diego Free Speech fight in that city last year. This is the decision the California courts have finally reached.

These men have been well known in the Socialist party movement for more than ten years. In the San Diego trouble they each spoke on the street, in defiance of an anti-free speech ordinance which had just been passed. The purpose was to test the ordinance. It was well known that this was the object sought, but they were arrested, thrown in jail, and finally charged not with the breaking of the ordinance, (carrying a jail sentence of only 30 days or a fine of but \$50.00 as a maximum), but with conspiracy to break a law, thus not only defeating their purpose, but increasing the penalty from a petty misdemeanor to a state offense carrying a heavy fine and a maximum jail sentence of one year, and, as an evidence of the temper of the court, in pronouncing sentence, they were given the fine and imprisonment together, bringing their sentence up to within 30 days of the maximum allowed by law.

Kirk and McKee were arrested at the very beginning of the Free Speech fight together with 39 others. The charges against most of the others were dropped, and of the fourteen finally tried only six were convicted. Three of these were paroled and one, Jack White, has already served his sentence. Kirk and McKee took an appeal and after waiting since last August, the appellate court has finally affirmed the order of the lower court and pursuant to this decision, they must go to jail and pay a fine of \$500 each, or serve out their fine at the rate of \$2 a day.

Mr. McKee will speak at Lagoon at the State Socialist picnic, on Saturday afternoon.

Louisa Roberts Marra to Raffaele Marra, lot 23, Reeve's addition, plat A, Ogden survey. Consideration \$1.

PEA CROP NOW IN PROCESS OF CANNING

Although the pea canning season has been open for about a week, the plants are running at about one-third capacity because the peas on a majority of the farms have not matured sufficiently. From present indications the canneries will be running to capacity by Monday, the rains and the warm weather within the week having hurried the vines to maturity.

The largest pea fields are in the southern part of the county near Clearfield, Layton and Kaysville. When the peas are ready for canning the vines are mowed down and raked into piles and hauled to the factories on racks in the same way that hay is handled. The peas are threshed at the factories.

After the peas are separated from the pods, they are rolled over three screens of varying mesh. The larger peas roll through first and the smaller, or the best variety, roll on to the last. The smaller peas command a higher price.

It is generally believed that the pea crop will not exceed the crop of last year but the quality of the peas is said to be better.

N. A. TANNER IS SUED FOR DAMAGES

In the district court, Marius Hansen has commenced suit against Nathan A. Tanner to recover \$10,250 alleged damage for personal injuries claimed to have been sustained April 24, 1913.

The plaintiff avers in his complaint that on the day in question, while he was driving his horse and buggy along Washington avenue, the defendant's automobile, driven by his agent, collided with his rig and tipped it over, throwing the plaintiff violently to the ground and inflicting serious injuries.

Mr. Hansen claims that the Tanner machine was running on the wrong side of the street and that it was being operated in a careless and reckless manner. He states that he was injured about the hip and abdomen and that the injuries are of a permanent nature.

A man has to have considerable of the divine afflatus to find poetical inspirations in his back yard.

PENITENTIARY TO DIVORCE A MAN

Because her husband, Charles A. Davidson, has been sent to the state penitentiary for burglary, in the second degree, Mrs. Lola Davidson is seeking a divorce. She asks for the case of a minor child, \$25 a month alimony and attorney fees.

The plaintiff states in her petition that she married the defendant at Denver, December 20, 1891, and that her husband was sentenced to the penitentiary by a judge of the second district court for a term of two years, December 14, 1912. She says that he is an able-bodied man and is capable of supporting his child, for which she asks \$25 a month alimony.

NEW HOTEL FOR THE CANYON VISITOR

Notable because of its style of architecture, the bungalow hotel of M. E. Wilcox, rapidly nearing completion at the mouth of Wheeler creek in Ogden Canyon, should add much to the beauty of the upper gorge while making it possible for visitors to secure accommodations a little different from those usually associated with "camping out." As the canyon becomes more widely known through the extensive advertising given it, the number of people who wish to spend a few days in the healthful air of the mountains increases accordingly until it has become impossible to care for them by the ordinary means of renting tents or camping grounds.

Wilcox resort has shared in the influx of summer visitors and for several years the owner has realized the need of a building such as is in process of erection. To this end plans were drawn early in the spring for the hotel with the expectation that the structure would be ready for occupancy by the time the canyon season opened.

The lateness of the season that far up the gorge (it being about two weeks behind that of Ogden city) made the work late in starting, however, the hotel will not be opened until about the Fourth of July.

The hotel is rather a unique affair, 44x52 feet over all, the guest rooms, of which there are six on the upper floor, each opening onto a sleeping porch eight feet in width, thus really numbering twelve in all. This sleeping porch extends around

three sides of the building, on the sides being eight feet deep and thirteen feet in front. The main floor will be given over to large living and dining rooms and kitchen, with commodious porches on one side and front. There will also be two sleeping chambers and bath rooms on the ground floor. A roomy basement will provide space for storage.

The building is really a bungalow of the larger size. Of concrete construction as high as the second story. It is an unusually substantial looking structure and is the last word in comfort and elegance, being fitted with cooling rooms instead of refrigerators, and, being situated on high ground overlooking the river, an excellent view is afforded. It is electrically lighted and the plumbing of the most modern type.

When opened "Pineview" hotel promises to become quite as favored a retreat for the heat-burdened city dweller as The Hermitage.

YESTERDAY'S GAMES

Red Sox Beat Tigers.
Boston, June 19.—Boston batted in five runs in the first four innings today which proved to be sufficient to win the last game of the series with Detroit, 5 to 4. The visitors were threatening in the ninth when Rondeau drew a base on balls and High, who ran for him, was brought home by Dubuc's double. At this stage, Bedient took O'Brien's place and passed Bush, but Bush was forced out at second while Crawford tied out to Janvrin and Cobb closed the game with a grounder to Bedient.

Batteries—Dubuc and Rondeau; O'Brien, Bedient and Carrigan.

Reds Lose to Giants.
Cincinnati, June 19.—New York won an exciting game from Cincinnati here today, 8 to 7, and thereby made a clean sweep of the series of four games. New York managed to bunch hits and took advantage of the opposing pitchers' wildness and errors by lining four runs in each. Snodgrass tripled with three men on bases in the second inning was easily the batting features of the contest, although Shafer, Bescher, Tinker, Marsans and Groh also did fine work at bat.

Mathewson appeared at his best up to the eighth inning when he weakened, but had enough left to stave off defeat.

Benton pitched good ball with the exception of the second inning. He was taken out in the seventh to allow Hoblitzel to bat for him.

Wise men do as they please their wives.
